CODE OF CONDUCT

We ask that all supporters remain seated throughout the match and do not block the aisles. Any supporter who attempts to disrupt play, at any time, will be ejected from the Stadium and may be arrested.

This also applies to any supporters identified to be throwing items onto the field of play or into the home supporter areas.

Supporters may be searched prior to entering the stadium. In accordance with our Ground Regulations the following are offences under the Football (Offences) Act 1991, as amended by the Football (Offences and Disorder) Act 1999:
• The throwing of any object within the ground without lawful authority or excuse.
• The chanting of anything of an indecent or racist nature.
• The use of threatening behaviour, foul or abusive language.
• The entry onto the playing area or any adjacent area which spectators are not generally admitted without lawful authority or excuse.
• Any supporter not adhering to the above will be refused entry to the stadium or ejected from their seat and may be arrested.

SMOKING

Goodison Park is a smoke-free Stadium. Smoking (including electronic cigarettes) is strictly prohibited in ALL areas of the Stadium. Anyone found in breach of this rule will be ejected.

BEER THROWING AND THROWING OF ITEMS

Group “bouncing” and throwing of items, including beer and items being thrown into the air are all prohibited.

Although it has only involved a small minority of fans, it has resulted in both the Club and the Police receiving complaints from supporters who have become soaked in beer or have been hit by items thrown. This is anti-social behaviour and people should not have to put up with this. Therefore, the Club, Merseyside Police and supporters’ groups have discussed how this should be addressed.

Firstly, both the Club and the Police want to make it clear that we want ALL our supporters to enjoy their day and we understand that this may include singing and an element of “bouncing” as a group.

However, a decision has been made that should home or away fans participate in the throwing of alcohol or any other items in any area of the Stadium, they will be dealt with by Matchday Stewards with the full support of Merseyside Police Officers. This could culminate with an ejection from the ground or potentially an arrest, dependent on the specific circumstances.

This season, you will see more stewards and Police Officers on concourses, who will provide early advice should a situation look like it is getting out of control.

Please continue to enjoy the match but we ask that you also consider other supporters and how they will be affected by your behaviour and we ask for your support in this.

PYROTECHNICS

Everton Football Club does not condone the use of pyrotechnics under any circumstances. Any fan found using them will be subject to action by the Club and Police. Being convicted of using a pyrotechnic could result in a jail sentence. As a CLUB, we will also impose an indefinite ban on anyone caught using pyrotechnics.

As well as the risk of a ban or conviction, the devices have serious effect on others, particularly those with breathing difficulties and those who cannot easily get away from the smoke.
DEPARTING THE STADIUM

On rare occasions after the final whistle, there may be a request for visiting supporters to remain in the stadium for a short time whilst the immediate areas are cleared. You will be informed of this during the match via the PA announcements and stewards.

As Goodison Park is situated in a residential area we ask you to respect our neighbours and their homes. Please dispose of your rubbish in the bins provided, use the toilets provided in the Stadium and be mindful of minimising noise and disruption.

All matchday facilities such as Fan Zone and the Matchday Hub will be closed after the final whistle.

TAXIS

Following the reopening of surrounding roads, taxis will be available on Goodison Road. Dependent on the distribution of fans leaving the Stadium, there may be delays.
